Drawing Realistic Dragon Scales - Drawing, colored pencils
Create Resin Coated Dragon Eyes - Mixed media, colored pencils and watercolor

Both volleyball Camp and Fantasy Art Studio Cost \$65

Life Science Dissection July 28-Aug 1. 9:30-11:00 M-F Cost \$70

Ages 10-14

This class will offer students a chance to learn more about a variety of animals by studying them through dissection. The specimens studied will be crayfish, earthworm, clam, perch, frog, starfish, grasshopper, and fetal pig. If time allows we will also study an owl pellet. Each participant will have their own specimen. All materials, tools, and equipment will be supplied. Limit 20.

Floor Hockey July 28-Aug 1. 11:00-12:30 Cost \$27
Ages 10-14

Participant will be able to practice basic skills of shooting, passing and handling the puck (ball). Then use those skills in games with other campers. Participants need eye protection. Shin guards are optional. There are a limited number of goggles available. Drinks will be provided. Limit 21

2D Multi-Media Exploration July 28-Aug 1 1:00-3:00 M-F Cost \$55

Ages 10-16

Exploration of two-dimensional art for those with deep interest in advancing their artistic abilities. Students will learn from professional fantasy book illustrator Kirbi Fagan. Class will focus on fine art techniques using a variety of mediums including, drawing, painting and printmaking. Students will create artwork in both realistic and expressive matter with exposure to elements of design. Emphasis on the development of visual awareness, technique, and creativity. For more information about Kirbi visit www.kirbiillustrations.com. Limit 24

Projects include

Drawing Realism from Observation – Graphite Pencil, Colored Pencils & Watercolor,
Design - How to create a composition with abstract forms – Cut Paper & Printmaking
Creating complex Zines, zentangles and typography – Pen & Marker
Drawing People & Caricatures
Spontaneous sketching – Pencil, Pen & Paint

All three: Life Science Dissection, Floor Hockey, and 2D Multi-Media Exploration

Cost \$130

Video Puppetry August 4-8 12:45-2:45 M-F Cost \$125

Description: This class will cover the basics of performing and working with puppets on camera. A style developed and made famous by Jim Henson and the Muppets. The class will teach puppet lip-sync, eye focus, basic puppet performance and characterization as well as simple hand-puppet construction. Students will design and build their own simple hand puppet and we will work towards creating a video short displaying what was learned. Class is limited to 10 students ages 10 and up. No previous puppetry experience necessary.
